品牌首次进驻中国

embedded world China is Coming

embedded world国际嵌入式展是纽伦堡国际博览集团举办的专业嵌入式展会，自2003年起，已然成为了嵌入式行业经济发展和欧盟工业发展趋势的晴雨表。

随着中国嵌入式行业的崛起，越来越多的中国企业脱颖而出，令全世界都看到了中国嵌入式的行业机会和发展前景。为了搭建中国企业相互学习和分享先进技术的交流合作平台，也让更多全球市场了解中国更多的优秀嵌入式企业，纽伦堡会展（上海）有限公司，将携手博闻创意会展（深圳）有限公司于2022年6月15-17日组织上海国际嵌入式展（embedded world China）。

展会将立足华东，辐射全国，并且引入embedded world的国际参展企业及行业专家为嵌入式相关企业提供专业的技术和产品交流。

embedded world is the largest embedded technologies exhibition co-organized by NürnbergMesse Group. Since 2003, it has become a barometer of the embedded industry and industrial development trends.

With the rise of China's embedded industry, more and more Chinese companies stand out, and the whole world is starting to focus on the industry's opportunities and development prospects in China. In order to build an exchange and cooperation platform for Chinese companies to learn from each other and share advanced technologies, and let more global markets know more about China's excellent embedded systems, NürnbergMesse China Co., Ltd. will join hands with IM Creativity (Shenzhen) Co., Ltd. to organize embedded world China from June 15 to 17, 2022 at SWEECC, Shanghai China.

embedded world China will be based in East China's embedded technology stronghold, covering the whole of China and radiating even further: Leading international companies and industry experts from embedded world will be invited to present their technology and products and engage in professional exchange.
